Subject: Shelf Life of Packaged Product in Metal or Plastic Pails

Dear Customer,

Any desiccant that is contained in the original, unopened and undamaged container and is stored in an ambient or controlled environmental condition not exceeding 80% relative humidity and 30 degrees Centigrade will have a minimum shelf life of 1 year from the original date of manufacture.

I hope this information is helpful. Please let us know how we may provide further assistance.

Sincerely,

A handwritten signature in black ink that reads "Brent Beamer". The signature is written in a cursive, flowing style.

Brent Beamer
