

About 12 inch Subwoofers Replacement DJ Speaker Item

1. **2000 WATT POWER:** Experience the ultimate power with this 12 inch Subwoofers system delivering an impressive 2000W maximum power output, along with a safe 200W RMS, ensuring full range surround stereo sound reproduction and exceptional bass response. Now you can enjoy your favorite tracks as loud as you desire at any volume.
2. **BUILT TO LAST:** This subwoofer is built to last with its various durability features, such as a non-fatiguing suspension, a solid magnet for long-lasting performance, a cotton edge-pressed cone for added resilience, and a specially treated surround. You can use it for extended periods of time without worrying about damaging your equipment.
3. **8 OHM IMPEDANCE:** Experience clear, crisp sound with the subwoofer's 8-ohm impedance. This design compensates for the undersized wire commonly found in modern cars, reducing distortion and ensuring an enhanced audio experience.
4. **POWERFUL MAGNET:** Featuring a robust 155×57×20mm magnet structure equipped with a 2-inch voice coil, this subwoofer delivers enhanced performance and can handle higher operating temperatures with ease.
5. **12" STANDARD SIZE:** Upgrade your car audio system effortlessly with the 5 Core 12 inch subwoofers speaker. This speaker adheres to the standard size compatible with most vehicle stereo systems, making it an ideal choice for a new sound system or replacing worn-out or blown speakers.

Product Description

Experience the unparalleled power and immersive audio of our high-powered subwoofer system. With a staggering 2000W peak power & 200W RMS, it delivers full-range surround stereo sound reproduction and mind-blowing bass response. This subwoofer is built to last, featuring durable construction, non-fatiguing suspension, and a specially treated surround.

The 8 OHM impedance rating ensures distortion-free, crisp, and clear sound, compensating for undersized wires. The powerful magnet structure and 2-inch voice coil enhance performance and handle high temperatures effortlessly. Its 12-inch standard size fits most vehicle stereo systems, making it perfect for new installation or replacement.

At 5 Core, Customer satisfaction is our priority—a proven track record of delivering the highest quality product since 1984.

Features

Greater Clarity	Reduction in Distortion	Durability	Low power draw
12-inch woofer speaker has greater speed and response while reproducing the authentic tone. This makes the music sound much better & authentic.	The woofer reduces the stress of regular speakers. The reduced acoustics tension from other systems results in more vibrant, clear, and noise-free audio.	The 5 Core Speaker is much more durable and built to withstand external pressures. These speakers are rigid and aren't easily damaged.	The Replacement speaker has efficient power delivery. Even with the lower power draw, the speakers perform amazingly.

Q&A

Question: Do I get the wires too?

Answer: No, the package contains the speaker.

Question: Can I install it on the Jeep?

Answer: Yes, it can be used as a Jeep speaker.

Question: Do I need separate wires to install these?

Answer: If there are no existing wires, then yes.

Question: Do I have to change the amplifier?

Answer: No, you do not have to do that if you are satisfied with the current audio. Just change the speaker and start rocking!

Question: Can I use it to replace the OEM speaker?

Answer: Yes, if you are not happy with the OEM speaker, and want a change and the best sound, then you should replace the stock speaker with a 5 Core amp speaker.
