

77SF WB

About Item

1. **Voice mode:**The 5 Core megaphone speaker has two audio modes. The first one is voice mode. This mode amplifies your voice or sound spoken into the megaphone microphone and is commonly used for cheerleading and other outdoor activities.
2. **Siren mode:**The siren alter mode is the second option. This allows the bull horn loud speaker to emit an emergency alarm sound with just one button press and can be utilized by both police and civilians.
3. **Voice recording:**Recording and playback options to get noticed when necessary. The record and replay audio feature stores your voice command, ensuring repeated delivery of your message.
4. **Great for events:**Suitable for various uses, our bull horns megaphone speakers are ideal for sports events, lifeguards, event planners, law enforcement, rescue missions, and more. The megafono speaker can attract attention in various settings, including school assemblies, boats, fairs, rallies, etc.
5. **50-watt battery:**The portable megaphone speaker has a maximum power output of 50 watts. It runs on rechargeable battery and features an ergonomic grip and compact, lightweight frame.

Q&A

Question: How long does the battery last?

Answer: The battery of the bull horn loud speaker depends on your specific usage. This model can last several hours, but it can vary depending on how often the speaker is used and at what volume.

Question: Can the speaker be used in the rain?

Answer: The megaphone speaker is made of durable material, which means it can withstand exposure to rain and other elements.

Question: How far can the sound be projected?

Answer: This mega phone speaker can project sound up to 1000M.

Question: Can the speaker be used as a PA system?

Answer: The microphone attached to the megafono makes it well-suited to use as a public address system.

Question: Is the megaphone speaker easy to operate?

Answer: The megaphone speaker is designed to be user-friendly with simple controls.
