

TW 307 REC

### About Item

1. **Enhanced Frequency Range:** With a 100W PMPO and 8-ohm impedance, the tweeter speaker enables you to enhance the high-frequency range while retaining natural sound reproduction conveniently.
2. **Integrated Crossovers:** The car tweeter has 10W RMS and can handle 100W Max Power. It also features integrated high-pass crossovers for optimal performance.
3. **Crystal Clear Highs:** This tweeter delivers crystal clear highs and is capable of producing loud volumes to keep up with high SPL environments.
4. **Low Distortion Material:** Designed with low distortion material, these tweeter speakers provide precise replication of high frequencies for a specious sound stage.
5. **Compact Design:** The compact terminals of the 5 Core make for an easy installation process. You can install it on your own.

### Product Description

If you're looking to enhance your music listening experience, our cutting-edge Tweeter speaker is exactly what you need. Designed with low distortion material, the 5 Core tweeter speaker delivers crystal clear highs and natural sound reproduction like never before.

With the 8-ohm tweeter, you can easily add additional highs for a dynamic, open stage. Our tweeter kits come with compact terminals for easy installation and are the perfect upgrade for any audiophile looking to elevate their listening experience.

At 5 Core, Customer satisfaction is our priority—a proven track record of delivering the highest quality product since 1984.
