Specification

1 3

- Housing
 - Plastic
 - white, RAL 9003 ○ WS
 - gray, RAL 7040 ● GR
 - red, RAL 3031 ● RT
- Material of the magnet
 - NdFeB ND
 - Neodymium, iron, boron
 - temperature resistant up to 80 °C
- RoHS

On request

- Magnets with custom imprint

Information

Magnets GN 53.1 are primarily used for holding drawings and the like. The magnetic material ND is characterized by a high magnetic force.
