

## Passport Pro

Is World's 1st Resettable Grounded Travel Adapter with USB-C PD Fast Charging for all your travel essentials i.e. iPhone X, MacBook, etc.

### | One-Push Resetting Fuse

With the new one-push resetting fuse, when the current flow exceeds safety levels, the power will be interrupted automatically, and with just one push of the fuse button, Passport Pro can be reset immediately. There's no need to wait, much less carry spares with you, or rush out to buy replacement fuses.

### | Power Delivery (PD) for Fast Charging

Zendure is the first company to apply industry-leading Power Delivery charging technology into travel adapters. With 18W maximum output, Passport Pro can charge iPhone X, iPhone 8/ 8 Plus up to 50% in just 30 minutes.

## | Grounding System for Safety Protection

Passport Pro's four plugs all equipped with a ground connection, which is an essential safety feature for many electrical systems. It is the first travel adapter which achieves both IEC60884-2-5 Certification and BS8546 Certification, making it the safest global travel adaptor.

## | Charges Five Devices Simultaneously

With four built-in USB ports and AC outlet, Passport Pro allows you to charge up to five devices all at once.

## | One World, One Adapter

Passport Pro is a compact and lightweight universal adaptor with UK, EU, AU, and US plugs. This compact travel adaptor can work seamlessly in over 200 countries and regions to power 2- and 3-pole devices from almost all over the world.
