

Product Change Notification

TE Connectivity

Product Change Notification: P-21-020953

PCN Date: 25-MAY-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Mini K Mini K hv

Description of Changes

Dear customer, as a result of our continuous strive for quality improvements of our products, we hereby inform you upfront about the new position at supplier side (from hall A to hall B) for the MINI-K relay with no changes to the process flow chart. Also, to continue to assure the quality standards we will refurbish some modules for the Mini K relay line which will be internal release accordingly. This PCN is intended to only inform you, with no need for the customer to release the changes stated.

Reason for Changes:

Product improvement.New layout due to actual assembly facilities. Current manufacturing tools needs refurbishment.
